Subject: Label Notification per PRN 2007-4 – Storage and Disposal language added
Product Name: TAU-FLUVALINATE TECHNICAL
EPA Registration Number: 2724-481
Application Date: 8/18/2016
Decision Number: 520566

Dear Ms. Huebl:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 2007-4 and finds that the action requested falls within the scope of PRN-2007-4.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification via PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Angela Hollis at 703-347-0216 or by email at hollis.angela@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed in a large, hand-drawn oval.

Kable Bo Davis, Product Manager 3
Invertebrate and Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

TAU-FLUVALINATE TECHNICAL

AN INSECTICIDE-ACARICIDE
FOR MANUFACTURING USE ONLY

ACTIVE INGREDIENT:

Tau-fluvalinate (CAS #102851-06-9).....93.7%

OTHER INGREDIENTS:6.3%

TOTAL 100.0%

CAUTION

OPEN CONTAINER IN WELL VENTILATED AREA
REFER TO ANALYTICAL LABEL ON THIS DRUM FOR EXACT ANALYSIS OF THIS LOT.

NET CONTENTS

Lot No.

EPA Reg. No. 2724-481
EPA Est. No. 11678-IS-01

NOTIFICATION

2724-481

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-847-330-5300 for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

Avoid hand - or sleeve-to-face exposure. Only for formulation into an insecticide for the following use(s): (1) perimeter treatments to include outdoor surfaces, containerized nursery stock, woody and herbaceous ornamentals, ant mound treatments, greenhouse application, indoor ornamentals, flower and foliage cuttings, impregnated materials for apiary disease management, and the Special Local Needs (SLN) registration for use on carrots and brassica/cole crops grown for seed in California (1); (2) uses for which US Environmental Protection Agency has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) uses for experimental purposes that are in compliance with US Environmental Protection Agency requirements.

This product may be used to formulate products for specific uses not listed on the MP label if the formulator, user group, or grower has complied with US EPA data submission requirements regarding support of such uses.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. In case of spill or leak, ventilate area well, then soak up with soil or other absorbent material.

PESTICIDE STORAGE: Store in a cool, dry place. Always store pesticides in the original container. Keep pesticide storage areas clean. Storage areas must be locked and secure from vandalism, with precautionary signs posted. The storage area must be dry, well-lit and well-ventilated. Clean up any spills promptly. **PESTICIDE DISPOSAL:** To avoid wastes, use all material in this container by formulation according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER HANDLING : Nonrefillable container. Do not reuse or refill this container.

(Containers 5 gallons or less) Triple rinse as follows. Empty the remaining contents into formulation equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into formulation equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. **(Containers over 5 gallons)** Triple rinse as follows. Empty the remaining contents into formulation equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into formulation equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WARRANTY AND CONDITIONS OF SALE

To the extent consistent with applicable law, Seller warrants that the chemical composition of this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. To the extent consistent with applicable law, Seller makes no other warranty, express or implied, concerning the use of this product other than as indicated on the label. To the extent consistent with applicable law, Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given on the label.

For information or in case of an emergency, call 1-847-330-5300.
